September 9, 2022

Dear Parents and Guardians:

This year our parent population will have the opportunity to engage in an exciting opportunity. Through grant funding, the district will be able to present a monthly series of parent chats. Each month we plan to have professionals engage our parent community with informative discussions on topics which affect our children. The purpose of the parent chat series is to engage in an open dialogue so that we all can help our children overcome difficulty socially, emotionally and academically. Our first parent chat scheduled for October 11th at 7 pm with a focus on Cyber awareness - Be your child's advocate on the world wide web. We ask that parents RSVP for our parent chat evenings so that we can plan efficiently with handouts and refreshments. [Please use this form to RSVP.](#)

On Tuesday, September 13th information will be released to parents outlining our Health curriculum units and how to opt your child out of lessons which do not align with your family's beliefs. This information will also be available on the district website.

Sincerely,

A handwritten signature in blue ink that reads "Stephanie Snyder". The signature is written in a cursive, flowing style.

Stephanie Snyder
Superintendent
