December 15, 2023

Dear Parents:

As we approach the inclement weather phase of the school year, I want to bring to your attention the schedule changes which may be used for inclement weather school closings.

First, the school may operate on a 90-minute delay. When this occurs, the message will state that the District will “**operate on a delayed opening schedule.**” Therefore, it is important to know what this means for your child’s schedule. Please see the delayed opening bell schedule below:

- Students in grades K-8 will report at 9:30 am
- AM preschool students will report at 9:50 am- 11:45 am

Please make sure you know what time your child’s bus will arrive on delayed opening schedules. This will be approximately 90 minutes later than usual.

Second, the school may close due to inclement weather, poor road conditions. If this occurs, the message will state, “**Holland Township School is closed.**”

Please note that we aim to call weather related changes to the district schedule in the evening prior to the weather event to help our families plan for the change. However, there are times when this is not possible.

If you have any questions about the delayed schedule, please contact the main office. Please be sure to check your contact information in Genesis to ensure that you get weather related school messages.

Thank you for your attention to this important information!

Sincerely,

Stephanie Snyder
Superintendent
